

Company Profile

PRECISION. PERFORMANCE. PROGRESS.

LevelX Group of Companies is a Pune-based construction and infrastructure firm delivering RCC structures, laser-guided concrete flooring and industrial steel work across Maharashtra, Gujarat, Karnataka and Tamil Nadu. Our leadership runs sites personally, holding single-source responsibility from the first pour to the final finish.

What we build

RCC Construction	Reinforced concrete structures for industrial, institutional and residential projects, foundation to roof slab.
Laser Screed Flooring	Laser-guided concrete flooring for factory floors, warehouses and machine-shop plinths.
Industrial Steel Structures	Fabrication and erection of steel frames, crane runways and plant sheds.
Residential Development	End-to-end residential builds from land development through handover.
Site Development & Civil Works	Earthwork, drainage, roads and allied civil works.
